 3. **TOP OF WEBSITE HOMEPAGE (FREQUENTLY ASKED QUESTIONS)** *Click here -> see below*
 - Q. Why is Inter-operability such a problem everywhere?
 - A. “**Databases cannot ask or think**” DROPBOX/WISDAM/DATABASE-OPTIONS/0-FullTitles-5RF.pages
 - Q. How can this massive worldwide problem be overcome?
 - A. Paper + electronic information in the same way that the Italians are creating Covid passports. (Times newspaper Aug 2021)
 - B. Simple WISDAM ELECTRONIC (± Paper)
 - List of the **354 standardised Items** of Personal Health & Social Care data WISDAM/W03. SIMPLE_WISDAM/bAnlys-250.pages/pdf
 - Q. Isn't that far too much information?
 - A. Everyone agrees, but everyone wants different things to be left out! Answer is that each small fragment of Simple Wisdam is intended, to be used separately e.g. If any database needs to incorporate info about “diet” or “Next of Kin/Who to call in an emergency” or “Hearing & Sight” then use just that fragment of the **Simple WISDAM™** international standard
 - Q. Who is Rupert Fawdry and who has been working with him?
 - As. List of Team, RDSF CV & List of Publications. *etc.*
 4. **BOTTOM OF WEBSITE HOMEPAGE (THE POTENTIAL FUTURE)** *Click here -> see below*

Linking Personally-held (electronic or paper) standardised information with Organisationally-held Electronic Records)

 - Q. How can we move forward?
 - a) ELECTRONIC. Provide access worldwide cost-free to this updated www.wisdam.org website with its emphasis on providing the **Simple WISDAM™** standardised flow-patterned Qs and As in the form of an MS Word document of the same set of Qs and As to be incorporated in all the currently existing health and social care computerised databases worldwide so that all social & medical databases can incorporate any part (or all) of the **Simple WISDAM™** patterns of Qs & As
 - b) PAPER Scores of copies of the **Paper Version of Simple WISDAM™** need to be provided COST FREE TO Every Ambulance & to every A&E Department, every Clinic & every Care Home with encouragement to download extra copies from the web-site whenever needed.
 - c) Encourage volunteers to translate all of the above into all the major languages
